

## Happy Baptismal Birthday

Your baptism is a type of birthday. How?

If you've been baptized, think about whatever you know about your baptism.

*When was it?*

*Who was there?*

*Why do you think your parents had you baptized?*

Write the date of your baptism on the Happy Birthday banner. If you don't know the exact date, write (or guess) your baptism year.

Then say a prayer thanking God for your baptism. Specifically say a prayer of thanks for each person that you know was involved in your baptism.
